

Addendum to Hodges University Graduate Bulletin 2016-2017
Volume 15A
January 12, 2017
Published January 2, 2017

The following changes are incorporated into and made a part of the Graduate Bulletin Volume 15, and reflect changes to this Volume that become effective January 12, 2017. By signing the catalog receipt form, students agree to abide by these changes.

Page 12

ONLINE LEARNING

Change the first sentence in the second paragraph to the following: Online courses taught at Hodges University may require a proctored final exam

Page 18

GRADING SYSTEM AND PROGRESS REPORTS

Change the first paragraph to the following:

Faculty report student progress in each course on the dates listed on the student calendar in MyHUgo. A student will be dropped from a course if the instructor determines he/she is no longer actively participating in the course. Final grades are reported at the completion of each grading term. Both of these are available to students in WebAdvisor.

Page 19

STUDENT ATTENDANCE POLICY

Change the second paragraph to the following:

Student attendance and participation in courses are monitored on the basis of progress reports or final grade reports submitted by instructors during the fourth, eighth, 12th and 15th weeks of each term. For a student enrolled in an SPL-program, the student's faculty advisor verifies the student completes an academic related activity by the fourth week of access in order to be eligible for federal or state financial aid funds. When an instructor identifies a student who is not actively participating in any course, the student will be dropped from the course.

Page 21

ONLINE COURSES

Change the first bullet to the following:

- Online classes may be offered as a 15-week course or an accelerated 7 ½-week course. Online courses may require the completion of an online proctored final exam.

Page 28

CONCENTRATIONS – Change the Fraud and Financial Forensics concentration to the following:

Forensic Accounting and Fraud Examination – Complete three of the following: ACG6800, ACG6910, ACG6920, ACG6930, and ACG6940

Page 29

MASTER OF ACCOUNTANCY (MAcc): Replace the first sentence in the third (3rd) paragraph of the narrative to read: To be admitted to the program, students are required to have completed undergraduate coursework in the following content areas: Federal Income Tax I & II, Intermediate Accounting I & II, Cost Accounting and Control, Advanced Financial Reporting and Analysis I, Accounting Information Systems, Independent Auditing, and Managerial Finance.

Page 30

Elective Component (choose two) Add the following course: ACG6920 – Financial Statement Fraud, and remove course ACG6060 – Estate and Gift Tax Planning.

Page 37

MASTER OF SCIENCE IN CLINICAL MENTAL HEALTH COUNSELING (CMHC)

Replace the last sentence in the first paragraph with the following: The course of study is offered in both a blended format (combination Classroom Setting and online) or a fully online format.

Page 38

Change **Internship Component** to **Practicum & Internship Component**.

Add second line: All students will take one semester of Practicum before entering into their internship courses.

Practicum & Internship Component will change as follows:

PSY5999	Practicum (155 on site hours/Min. 40 clock hours direct) (15 hours site Supervision/24 hours Hodges group supervision)	3
---------	--	---

Internship courses are offered in two different tracks, with one option for completion of on-site hours over the course of 3 semesters, and the other option for completion over 2 semesters. It is recommended that students who are working full time choose the 3 semester track. Your internship track will be decided in conjunction with your program advisor.

Select one of the following:

Track 1

PSY6501	Internship Track 1/Level 1 (200 on-site hours/Min. 80 clock hours direct) (15 hours individual site supervision/24 hours Hodges group supervision)	4
PSY 6502	Internship Track 1/Level 2 (200 on-site hours/Min. 80 clock hours direct) (15 hours individual site supervision/24 hours Hodges group supervision)	4
PSY6503	Internship Track 1/Level 3 (200 on-site hours/Min. 80 clock hours direct) (15 hours individual site supervision/24 hours Hodges group supervision)	4

Track 2

PSY6504	Internship Track 2/Level 1 (300 on-site hours/Min. 120 clock hours direct) (15 hours individual site supervision/24 hours Hodges group supervision)	6
PSY6505	Internship Track 2/Level 2 (300 on-site hours/Min. 120 clock hours direct) (15 hours individual site supervision/24 hours Hodges group supervision)	6

case for the proper planning, implementation and management of cloud technology within the larger scope of an enterprise networking environment.

ISM 5410 Security for the Mobile Enterprise 3 credits

Mobile devices today have outnumbered computers worldwide. Since mobile devices, such as smart phones and tablets provide convenient anytime anywhere access to the Internet and the ability to make phone calls, run apps centered around our lives, they have become enticing targets for cyber criminals. In the business enterprise users have demanded the same convenience and functionality. BYOD or "Bring your Own Device" is a reality in many businesses. The mobile business faces new and growing security issues.

This course is designed to address this growing threat to mobile devices, networks and services delivered over the mobile infrastructure. We explore the unique challenges facing mobile security while comparing and contrasting it with what we have learned from computer and network security. This course also provides a conceptual overview of the security principles incorporated in the design of mobile cellular networks.

ISMS5420 Database Security and Auditing 3 credits

This course is broken into three sections: Security, Auditing and Implementation. Students will fully understand how to implement database security on modern business databases using practical scenarios and step-by-step examples that are presented throughout the course. Hands-on projects and case projects are used to reinforce and showcase the topics learned.

ISMS5430 Issues & Trends in Cyber Security 3 credits

This course examines current topics of cybersecurity threats, attacks and defenses from a global perspective. The emphasis will be on the present and the near horizon. How will new technology and new ways of doing business cause changes in target selection and how will the nature of the attackers and of the attacks themselves evolve? Students will learn the best and most current practices in cybersecurity so that they will be better able to develop and adapt strategies, tools and practices to meet these new security challenges head-on in the business enterprise of today and tomorrow.

Page 61

Change the following course description.

PSY5999 Practicum 3 credits

The practicum program provides the entry point for the internship program, utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 155 clock hours and will actively engage clients in a professional capacity for at least 40 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). There will be an orientation class, and students will be responsible for purchasing malpractice insurance prior to the first day of placement. Co-requisite: PSY6000 Prerequisites: 24 course credits in the program completed, and permission of the program chair and dean.

Change the following course names and course descriptions.

PSY6501 Internship Track 1/Level 1 4 credits

The internship program provides the basis for utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 200 clock hours and will actively engage clients in a professional capacity for at least 80 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). Students will be responsible for purchasing malpractice insurance prior to the first day of placement. Prerequisite: PSY5999

PSY6502 Internship Track 1/Level 2 4 credits

The internship program provides the basis for utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 200 clock hours and will actively engage clients in a professional capacity for at least 80 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). Students will be responsible for purchasing malpractice insurance prior to the first day of placement. Prerequisite: PSY6501

PSY6503 Internship Track 1/Level 3 4 credits

The internship program provides the basis for utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 200 clock hours and will actively engage clients in a professional capacity for at least 80 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). Students will be responsible for purchasing malpractice insurance prior to the first day of placement. Prerequisite: PSY6502

Add the following new courses.

PSY6504 Internship Track 2/Level 1 6 credits

The internship program provides the basis for utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 300 clock hours and will actively engage clients in a professional capacity for at least 120 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). Students will be responsible for purchasing malpractice insurance prior to the first day of placement. Prerequisite: PSY5999

PSY6505 Internship Track2/Level 2

6 credits

The internship program provides the basis for utilizing classroom education in a practical setting. The student will be located on site at a human services placement for at least 300 clock hours and will actively engage clients in a professional capacity for at least 120 clock hours of the internship under professional supervision by the agency and the Hodges University field placement coordinator. Students will be supervised at least one hour per week by the field supervisor (15hours), and will participate in Hodges University led group supervision for one class period every other week (24 hours). Students will be responsible for purchasing malpractice insurance prior to the first day of placement. Prerequisite: PSY6504
